Experience

WEB DEVELOPER IIE ROSEBANK COLLEGE

Feb 2024 – June 2024

Designed and developed a fully functional clothing website for an academic project, featuring admin and customer views. Created wireframes, prototypes, and high-fidelity mockups for web and mobile. Integrated a backend database to manage products, users, and orders. Collaborated with stakeholders to deliver user-friendly and goal-oriented design solutions

Skills

- UI/UX principles
- Database Management
- Problem solving
- Project management
- Web development
- Programming Language
- Version control

WEB DEVELOPER

May 2023 – May 2023

Developed a dynamic movie website that allows users to search for movies, view ratings, and access detailed information. Integrated third-party APIs for real-time data fetching and implemented a user-friendly search interface for a seamless experience.

UI/UX DESIGNER

Feb 2025 – April 2025

Conducted user research and developed detailed user personas to guide product design and development for a pawn shop mobile app. Designed intuitive user flows, wireframes, and interactive prototypes to enhance usability and ensure a user-centered experience.
